Weekend Activities: Boy Scouts and Ventures

Shotgun shooting – 25 rounds trap

22 caliber rifle – 25 rounds (dependent upon ammunition availability)

Stocked fishing lake – participants responsible for bringing rods, tackle and bait

OA Call out at the Saturday night campfire program

Due to capacity limitations there are only slots for 210 youth shooters. Hopewell units will be given priority over non-district units for the available slots. Slot will be filled on a first come basis with non-district units placed on a wait list.

All adult leaders will be needed to work the ranges and fishing lake. We will try to work in Trap shooting for interested adult leaders. The cost for this would be paid directly to Middletown Sportsman's Club.

We need the following to support this event: Shotguns of any gauge, 22 caliber bolt action magazine fed rifles and 22 caliber ammunition. Please contact Tom Forsythe if you can help or have questions.

Venture crews are allowed to shoot pistols and BSA approved rifles. The Crews will need to provide their own guns, ammunition and adult leadership.

Weekend Activities: Webelos and AOL Cub Scouts

Webelos and AOL are welcome and encouraged to attend, you should align with and camp with a Troop attending the weekend. This can be formal, where you closely camp with the troop, and participate with them cooking and taking meals together, or just informally, whatever suits your and their organization. Please follow the guidelines for Safe Scouting.

Webelos and AOL will have a fun and relevant program including : Shooting Sports that include Archery, BB Guns, and sling shots. There will also be a fishing program, a fire building craft program and Webelos games! Webelos and AOL will not participate in the Boy Scout shooting sports program.
